

Notary Deed Instruction – Legal Entity

The Agrinatura Association Statutes will be updated at the upcoming General Assembly Meeting in Gembloux, Belgium May 15-16, 2019. We ask you to please fill in a few short forms that are needed to legally validate the new statutes of Agrinatura. These are the same forms that are sent in when applying for funding from the EU or other funders. As usual, you may write in English or French.

Specifically, please:

1. Fill in the attached form called '[Legal entity document](#)' with brief information describing your organisation **(don't forget to attach the verification forms – once again these are the usual verifications that are sent in when applying for funding)**
2. When saving these forms put your organisation name abbreviation in the file name.
3. Please put your organisation abbreviation in the subject box of your email when you reply

to secretariat@agrinatura-eu.eu

Attached you will find "[Example of document needed](#)" from SLU to use as a pattern.

We remind you of the importance that a representative from your organisation attends the meeting. Do join us in Gembloux!

Do not hesitate to contact Tereza Slámová our new Secretary General secretariat@agrinatura-eu.eu should you have questions.

Thank you in advance for your prompt action – we need the documents at **latest 26 April 2019**.
